SMARTMEDIA CARD (SSFDC)

calendar function

panorama function

picture frame function

The **OLYMPUS** camera uses the SmartMedia Card (SSFDC) as storage medium, an ultra-slim, extremely compact and particularly economical storage medium for image data. The **OLYMPUS** SmartMedia Cards also offer interesting additional functions:

- Standard SmartMedia Card (8, 16, 32 and 64 MB) including panoramic function. With this function up to 20 pictures can be combined on the PC to a single panoramic picture.*
- SmartMedia Card with picture frame function (8 and 16 MB). Surround your snapshots with up to 12 original picture frames.*
- SmartMedia Card (8 and 16 MB) with calendar function. Create an original calendar by dropping your pictures into calendar page templates.*
- SmartMedia Card with title function (8 and 16 MB). Combine your pictures with an individually generated title template, adding headings to your pictures.*

* When used with C-21/C-960ZOOM/C-920ZOOM/C-900ZOOM/C-860L/C-830L/C-840L/C-820L/C-420L.

SMARTMEDIA CARDS (SSFDC)

The following SmartMedia Cards are currently available:

- 8 MB template (M-8TE) Item no. 13542
- 16 MB template (M-16TE) Item no. 13546
- 8 MB calendar (M-8CE) Item no. 13543
- 16 MB calendar (M-16CE) Item no. 13547
- 8 MB title (M-8N) Item no. 13544
- 16 MB title (M-16N) Item no. 13548
- 8 MB panorama (M-8PE) Item no. 13520
- 16 MB panorama (M-16PE) Item no. 13540*
- 32 MB panorama (M-32PE) Item no. 13541**
- 64 MB panorama (M-64PE) Item no. 13549*** ^{NEW!}

* Not used with C-1400L/C-1000L/C-820L/C-420L.

** Not used with C-1400L/C-1000L/C-840L/C-830L/C-820L/C-420L.

*** Not used with C-1400L/C-1000L/C-900ZOOM/C-840L/C-830L/C-820L/C-420L.

FL - 40 FLASH

High performance external flash

Item no. 13533

- Guide number: 40 at tele and 26 at wide; precise light control: coping with various exposure control modes, fine light adjustment; enough light distribution to the corners; colour temperature: 5600-6200 °K.

SM CARD READER & WRITER

NEW!

*Ideal for quick handling of pictures
captured by digital cameras.**

Item no. 13538

- High Speed data transfer of large files.
- For USB Interface.
- Plug & play compatibility.
- Incl. driver software.
- Compatible with Windows 98 & Macintosh 8.6.

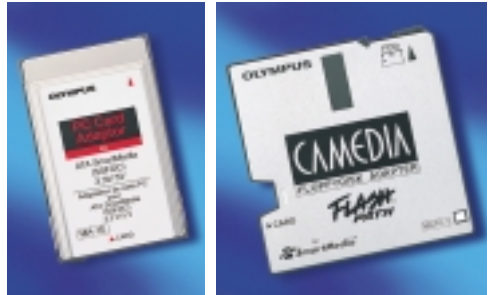

* Specifications and design are subject to change.

SMARTMEDIA CARD ADAPTORS

Using the PCMCIA-Adaptor or the 3.5" disk-drive adaptor (flash path for PC and Mac), your image data can be quickly and easily transferred from the interchangeable SmartMedia Card to the computer.

- PCMCIA-Adaptor Item no. 13534
- Flashpath-Adaptor for PC and Mac (PC: read & write/Mac: only read) Item no. 13550

POWER SUPPLY

Battery charger (BU-40SE/SEB) Item no. 13545

- Battery charger including four batteries. Specially designed for charging the new rechargeable **OLYMPUS** nickel metal-hydride batteries.

Lithium battery Item no. 13536

NEW!

- Exclusively for CAMEDIA C-21/C-3030ZOOM/C-960ZOOM digital camera.

Rechargeable nickel metal-hydride batteries (B-01/4BE) Item no. 13528

- Environmentally friendly batteries free from Cadmium, offering a particularly high efficiency and an extremely low memory effect. Long life of approx. 300 charging cycles. Perfectly matched to fulfil the requirements of digital cameras.*

* The design is subject to change.

POWER SUPPLY

Mains adaptor (C-5AE/C-6AE)

Item nos. 13602/13604

- Using the mains adaptor, your CAMEDIA can be connected directly to the mains supply.

AC adaptor (E-7AEB)

Item no. 13598

NEW!

- Low voltage Adaptor for CAMEDIA C-21 digital camera.

FLASH FILM SCANNER

Using the Flash Film Scanner, 35mm slides and negatives can be digitised comfortably by "snapshot".

Item no. 13408

- To do so, simply plug the Flash Film Scanner into the CAMEDIA C-2500L/C-1400XL/L and scan the motifs with the camera. The software for the negative transformation and the computer link is included.

OLYMPUS CONVERTER

The original **OLYMPUS** converters increase or decrease the focal length of the **CAMEDIA C-2500L/C-1400L/C-1000L** and allow macro snapshots. More options to release your creative ideas!

Tele lens converter

Item no. 13529

- Without reducing the aperture, a 1.45x increase of focal length is achieved.

Wide angle lens

Item no. 13530

- Without changing the lens stop, the focal length is reduced by a factor of 0.8, offering an extended wide angle range.

Macro converter

Item no. 13531

- Allowing macro shots as close as 0.16m.

STEP UP RING CLA-1

Conversion Lens Adaptor CLA-1.

Item no. 13644

- Attachment for the use of Tele-, Wide angle- and Macro conversion lenses with C-3030ZOOM/
C-2020ZOOM/C-2000ZOOM.

AQUA CASE PT-002/PT-003

Aqua Case PT-002/ PT-003:*

The Aqua Case protects your digital camera against water, dust and dirt.

Item no. 13532

- PT-002 for digital camera C-860L/C-830L/C-840L/C-820L/C-420L. Waterproof to a depth of 3 metres.

Item no. 13535

- PT-003 for digital camera C-920 ZOOM/C-900 ZOOM. Waterproof to a depth of 30 metres.

* A digital camera is not included in this box.

OLYMPUS PHOTOALBUM PRO SOFTWARE

*The comprehensive and high-performance features of the easy-to-use and versatile **OLYMPUS** PhotoAlbum software offer a comfortable way of archiving digital images: PhotoAlbum Professional 2.0*

Item no. 13635

- Downloading function for all leading cameras and scanners (TWAIN)
- Quick drag and drop sorting for slideshows
- Easy retrieving function, using Quickview and key word search
- Business card printing function
- Image editing functions
- Easy incorporation of image files into OLE2-applications such as MS Word and PowerPoint
