Beste sportvrienden,

Wat een bevestiging van "succes", dat hadden we nooit verwacht. Het aantal deelnemende liefhebbers aan de nieuwe editie van "Racing to 2024", zegt meer dan genoeg.

Onze full colour brochure "Racing to" vervult ieders verwachtingen want maar liefst 94 enthousiaste liefhebbers nemen deel aan de 2024 editie van "Racing to". Het bewijs dat onze manier van promotie voeren zeer doeltreffend is en dat zowel de lezende als de deelnemende liefhebber al sinds verscheidene decennia uitkijkt naar de nieuwe editie van onze brochure.

Dank voor jullie vertrouwen!

Zoals algemeen geweten zal "Racing to 2024" op alle internationale beurzen gratis verdeeld worden door het Herbots team, ook tijdens de 38e duiven Olympiade te Maastricht eind Januari '24.

Tijdens onze bezoeken aan buitenlandse klanten zal de brochure steeds met de nodige uitleg afgegeven worden. Dit is dan ook een van de redenen dat "Racing to 2024" in het Chinees vertaald wordt en via belangrijke sociale media zoals Facebook, Whatsapp, Line, WeChat wereldwijd gepromoot zal worden.

Een datum om in fluor in jullie agenda te markeren... midden Juli 2024 zal een internet veiling plaats vinden waar alle deelnemers aan "Racing to 2024" de mogelijkheid geboden wordt om 3 duiven uit hun toppers, welke gepromoot werden in "Racing to 2024", te verkopen.

We wensen u veel leesplezier met "Racing to 2024" en staan steeds tot uw dienst om u te helpen met een eventuele aankoop/verkoop van duiven. Laat onze ervaring in zowel de handel als in het spel met de duiven zelf, uw ideale hulp zijn om aan uw wensen te voldoen.

Met sportieve groeten!

Miet en Jo Herbots

Dear sports friends,

Such confirmation of "success" is something we never expected. The number of participating fanciers in the new edition of "Racing to 2024" says more than enough.

Our full colour brochure "Racing to" meets everyone's expectations because no fewer than 94 enthusiastic fanciers are participating in the 2024 edition of "Racing to".

Proof that our method of promotion is very effective and that both reading and participating fanciers have been looking forward to the new edition of our brochure for several decades. Thank you for your trust!

As is generally known, "Racing to 2024" will be distributed free of charge by the Herbots team at all international fairs, including during the 38th Pigeon Olympiad in Maastricht at the end of January '24.

During our visits to foreign customers, the brochure will always be delivered with the necessary explanation. This is one of the reasons that "Racing to 2024" will be translated into Chinese and promoted worldwide via major social media such as Facebook, WhatsApp, Line, WeChat.

A date to mark in your diary... In mid-July 2024, an internet auction will take place where all participants of "Racing to 2024" will be offered the opportunity to sell 3 pigeons from their top pigeons, which were promoted in "Racing to 2024".

We hope you enjoy reading "Racing to 2024" and are always at your service to help you with any purchase/sale of pigeons. Let our experience in both trading and racing with the pigeons themselves be your ideal help in meeting your wishes.

With sporty regards!

Miet and Jo Herbots

„For me, the most important products are Avidress Plus together with UsneGano! This combination is very good to keep the pigeons healthy!“

Bart Geerinckx: 1. national ace pigeon long distance KBDB 2022 yearlings

UsneGano contains oils from oregano, thyme and cinnamon bark. Pigeons fed with **UsneGano** have firm droppings and bright white noses shortly after feeding.

Avidress[®] Plus contains short-chain acids that lower the pH value of the drinking water to such an extent that the risk of infection is also lowered. **Experiences:** Many vets who specialise in pigeons confirm that there is rarely any evidence of pathogenic organisms (trichomonads & bacteria) in the crop smear of pigeons fed with Avidress Plus.

The way to success!

BREEDING

- ✓ During the breeding season, in addition to vitamins and amino acids, calcium and phosphorus in particular play a crucial role for strong eggshells and skeletal development.

MOULTING

- ✓ The moult is an important but uncomfortable period for a pigeon. It needs extra energy to recover. The right nutrients ensure that the new wing and tail feathers develop better.

NATURAL CARE FOR YOUR PIGEONS

**YOUNGSTERS RACING
SEASON**

- ✓ During the racing season it is crucial that young pigeons get enough energy and nutrients to grow and become stronger.

**RACING SEASON
OLD PIGEONS**

- ✓ Strong muscles promise strong flights. Thanks to the COMED Method, we help strengthen the natural resistance for the racing season and prevent acidification.

BEYERS CONDITION & CARE

RECOVERY

DETOX MINERAL MIX

A HIGH-QUALITY GRIT AND MINERAL MIXTURE SUPPLEMENTED WITH SELECTED CEREALS AND SEEDS; A CAREFULLY FORMULATED COMBINATION OF HERBS AND CLAY PRODUCTS THAT HELP RID THE BODY OF WASTE MATERIALS. THE COMPOSITION OF THIS MIXTURE ENSURES BETTER ABSORPTION OF NUTRIENTS, ALLOWING A MORE EFFICIENT BUILD-UP TO OPTIMUM CONDITION.

- The supplement of the selected cereals and seeds (Marian thistle, chia and perilla) has a positive effect on the general functioning of the liver, they are rich in Omega- 3 fatty acids and are highly natural anti-oxidants, which improves the entire immune system.
- Contains charcoal and Natural Carbon Clay, a 100% natural detoxifying product that consists of a combination of kaolin (alumino silicate), carbon and huminic acids. It protects the mucus layer in the intestines, preventing the attack of pathogens as well as enabling a good intake of substances through the intestinal cells. Huminic acids play an important role in maintaining the acid-base balance in the right mineral foods.
- Enriched with curcuma, in which the effective substance curcuminoid, has a beneficial effect on the functioning of the liver and digestion.
- A combination of herbs (thyme, garlic, dandelion root, coriander leaf, oregano and coneflower) ensures a beneficial effect on digestion and the immune system.

SPUTNIKS

Habru Sputniks;

Developed by and for champions

With the Habru Sputniks 'floppy construction sets' are a thing of the past. Habru developed an innovative product with best quality. With a break-proof glazing and long-welded connections Habru's excels in solidity. All models are suitable for every electronic system of clocking.

AVIARIES

Habru Aviaries;

Long-lasting and functional Made-to-measure work

Habru aviaries make a difference because of their long-lasting character! A result of welding the modules and using a higher quality type of wire mesh than other aviaries. They can be completely adapted to the wishes of the customer, made-to-measure work is guaranteed! Habru aviaries are more and more regarded as a replacement of traditional pigeon lofts.

AVIARIES

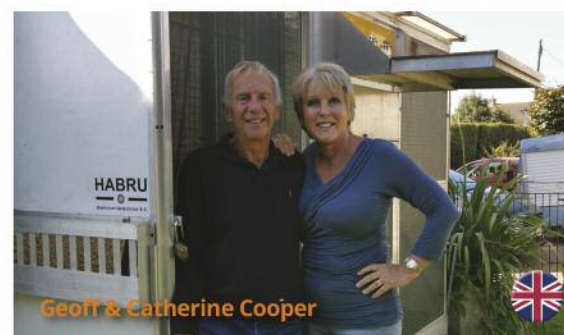

Type fly-in and out

Habru model fly-in and out;

Simple and functional

An aviary and sputnik in one – that is the Habru model fly-in and out. The pigeons fly to the front of the aviary and directly land upon the sputnik, which is integrated into the sloping roof. The sloping roof makes it hard for pigeons to sit on it. For that reason we developed the sputnik as a landing-platform. In this way no time is wasted.

THE SALE OF THE CENTURY

PIPA Elite Center will auction all breeding and racing pigeons 2021 and older (+ selection youngsters 2022 & 2023)

Not only has the goal been reached; year after year records are broken with KBDB Ace Pigeons and KBDB National victories. Now the moment has come that it nearly can't get any better. Nikolaas took one of the toughest decisions of his career; auctioning all breeders and racers from 2021 and older*, as well as a beautiful selection of youngsters 2022 and 2023 from the best pigeons! Starting 26th December 2023 on WWW.PIPA.BE.

PEC ideology

After Porsche 911 dominated the skies in 2015 and together with his brothers and sisters were the stars of the racing team of Ariën-De Keyser, Nikolaas decided that no children from Wacko Freddy x Lieve would be sold. This was the pair that laid golden eggs. That the status of this breeding pair would become so huge is something no one could have foreseen. Almost every brother or sister of Porsche 911 has an outstanding palmares, as racer and/or breeder. What to think of

Porsche 911 himself? He became the new stock breeder who's fame is a result of breeding generations of winning pigeons across the world!

Record after record

The power of the Golden Pair Wacko Freddy x Lieve firstly came forward on the satellite lofts Ariën-De Keyser, Caseart--Sénéchal and Karlo Van Rompaey. Since 2015, these lofts are responsible for the domination of PEC pigeons on Belgian heavy middle distance and long distance races. Record after record was broken and when one would think it couldn't get better, another spectacular result was achieved! A short impression of good, better, best during the past 4 years: In 2020 5 direct PEC pigeons are found amongst the Top 10 National KBDB Long Distance Ace Pigeons In 2021 direct PEC pigeons win 2x 1st Nat. Ace Pigeon KBDB ... 13x amongst the Top 15 National KBDB Ace Pigeons ... and 4 National victories! In 2022 3 PEC pigeons represent Belgium at the

Olympiad and also the 1st National Tulle is won In 2023 PEC pigeons take a total of 4x 1st National victories and win 1st-2nd prize 3 weeks in a row on national races ... the 1st Nat. KBDB Ace Pigeon Long Distance YL is also a direct PEC pigeon. In the meantime, descendants of the Golden Pair have won 17x 1st National victories in Belgium; an impressive number.

Dominant at International One Loft Races

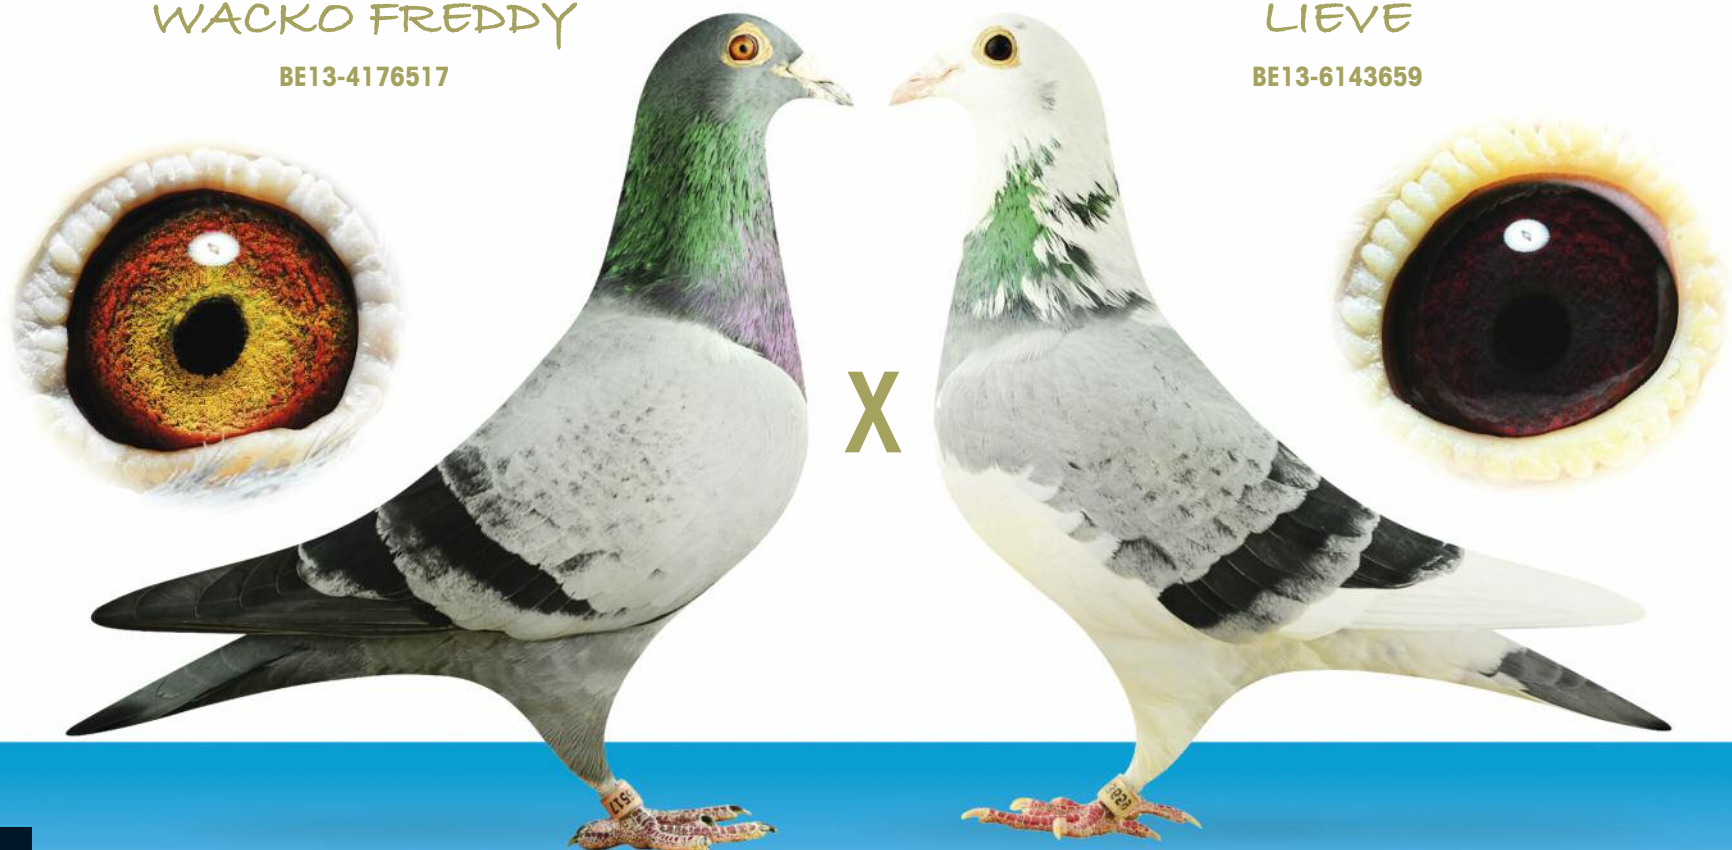

Two of the three ambitions have been achieved through the abovementioned successes. In recent years, the goals have been completed by realising fantastic results at the most prestigious One Loft Races in the world. Both PEC and sports friends across the world which invested in direct PEC pigeons wrote history by winning 1st Ace Pigeon and 1st Final in races from China to Thailand....from the Emirates to South Africa....and from Europe to America.
