

## Curriculum Vitae

### Enriquez RUIZ DE VILLA SAIZ

Alternate on the EIB's Board of Directors

**This CV is based on information provided to the EIB by the person concerned.**

#### *Personal Information:*

- Spanish

#### *Career:*

- October 2016 – Today
  - Deputy head of unit, Economic and Financial Affairs of the European Union. General Secretariat of the Treasury and International Financing (Spanish Ministry of Economic Affairs and Digital Transformation), Madrid.
  - Preparation of briefing notes and position papers on a wide range of fiscal and financial issues under the remit of the ECOFIN/Eurogroup filière and its preparatory committees (the Economic and Financial Committee – EFC– and the Eurogroup Working Group –EWG–). Regular participation in the EFC/EWG Alternates. Main areas of expertise include:
    - Follow-up and negotiation of key documents of the European Semester (Euro Area Recommendation, Country Specific Recommendations, steps under the Stability and Growth Pact...). Negotiation of EU common messages and terms of reference for international meetings (G20, IMF, OECD).
    - Deepening of the Economic and Monetary Union, including the reform of the EU fiscal framework, the creation of a central fiscal stabilisation capacity, the international role of the euro, eurodenominated safe assets, and other issued related to the Banking Union.
    - Eurogroup and ECOFIN comprehensive economic policy response to the COVID-19 crisis.
    - Follow-up and negotiation of sectoral proposals of the Multiannual Financial Framework 2021-2027, notably: i) the Budgetary Instrument for Convergence and Competitiveness, now transformed into the Recovery and Resilience Facility, ii) InvestEU and Solvency Support Instrument, iii) financial aspects of the European Defence Fund (representative in the expert group on the financial toolbox of the European Defence Action Plan in 2017-2018).
- September 2012 – September 2014
  - NERA Economic Consulting (Oliver Wyman group), Madrid. Research Officer in Energy and Competition Practices.
    - Preparation of expert reports for litigation and arbitration procedures, including price reviews of longterm natural gas contracts and competition investigations in various sectors (car rental, ferries, audiovisual, real estate...).

- Market modelling, with particular focus on the Iberian electricity wholesale market. Analysis of national and international energy taxation and regulation, including estimations of the remuneration of network assets and the cost of capital. Financial analysis of investment projects.
  - Estimation of damages and losses in the construction and transport sector.
- July – August 2009
    - Two months internship at Diario El Correo, Bilbao. Economics editor in the most important Basque Country’s newspaper. I wrote news and interviews related to economic and financial issues.

#### *Education:*

- October 2014 – September 2016
  - Public examination for access to the High Corps of State Economists and Trade Experts (Cuerpo Superior de Técnicos Comerciales y Economistas del Estado). Ranked 1st in the public examination.
